Professional summary.

Upcoming BSCIT graduate offering competitive software engineering skills across multiple platforms. I am experienced in object-oriented programming, developing, testing and debugging, UI/UX, SQL, and networking. My education proof that I am a quick self-study student that can produce outstanding results.

Relevant Skills
- **Source control / version control**
- **Networking**
- **Databases**
- **Information systems UI/UX**
- **Management information systems**
- **Object-oriented coding**
- **Fluent in English and Afrikaans**
- **Driver License**
- **Cloud Computing**
- **Multiple IDE's knowledge**

Coding Skills
- **HTML & CSS (HTML5 & CSS3)**
- **JavaScript**
  - **Bootstrap**
  - **JQuery**
  - **VUE.JS**
  - **AmChart.js**
  - **Ajax**
- **PHP**
- **VB.net**
- **C++**
- **SQL**

Soft Skills
- **Critical out of the box thinking**
- **Problem solving and logical thinking attitude**
- **Team leading abilities**
- **Team player**
- **Great time management**
- **Self-motivated**
- **Excellent communication skills**
- **Creative**
- **Fast learner**
- **Passionate coder**

Education.

Richfield Graduate Institute of Technology	(BSCIT)	Complete date: *2021-12*

Currently enrolled at Richfield Graduate Institute of Technology as a second year distance student with outstanding results in all my subjects in my Bachelors Degree of Science in Information Technology (Majoring development)

- **Result can be viewed at:** *https://lourens-online.netlify.app/education.html*
- **One of the top student of my group.**
- **Obtaining 3+ distinction per semester.**
- **Semester year 2 semester 3 achieved distinctions in all BSCIT subjects.**

Technology High School Middelburg	(National Senior Certificate)	Complete date: *2012-12*

National Senior Certificate obtain at Technology High School Middelburg class of 2012.

- **Testimonial can be viewed at:** https://lourens-online.netlify.app/education.html
- **Subjects:**
  - Afrikaans
  - English
  - Mathematics
  - Computer Application Technology
  - Business Studies
  - Geography
  - Life-orientation studies

SOLOLEARN	(Online Learning platform)	Complete date: *2020-07*

These certifications do not provide any additional credits. The goal of completing these certificates was to show my dedication and interest in the development field and also to gain some additional knowledge of these subjects.

Course:	Date Complete:	Certificate Link:
HTML Fundamentals course	*19 July 2020*	https://www.sololearn.com/Certificate/1014-15586817/pdf/
CSS Fundamentals course	*24 July 2020*	https://www.sololearn.com/Certificate/1023-15586817/pdf/
JavaScript Tutorial course	*19 July 2020*	https://www.sololearn.com/Certificate/1024-15586817/pdf/
PHP Tutorial course	*25 July 2020*	https://www.sololearn.com/Certificate/1059-15586817/pdf/
SQL Fundamentals course	*27 July 2020*	https://www.sololearn.com/Certificate/1060-15586817/pdf/

Work Experience

mySHEQ.com   (Junior JavaScript Developer Freelance)   Date: *2020-09 to Present*

Employed as a trainee part-time JavaScript developer at mySHEQ.com, an easy to use health and safety applications for all health and safety requirements.

- Immigrate from Amchart 3.js to Amchart 4.js.
- Development of an anti-cheat browser software for test writing purposes.
- Research of Vue.js for future coding solutions.

Umbane Technology   (Network Operations Supervisor)   Date: *2017-01 to Present*

Employed as a Network Operations Supervisor / Team leader at Umbane Technology, a networking contractor company for multiple ISP.

- Worked closely with network administrators and server engineers to deliver quality service.
- Planned layouts and ran cable into buildings and through walls, attics and crawl spaces.
